VOL. XXIII, No. 5 - May 1968 GRANT SUPPLEMENT No. 4

The Medical Library Assistance Act of 1965 (Public Law 89-291) authorizes programs of financial support to assist in meeting the Nation's need for adequate medical library services and facilities. The Act established grant programs for construction, resources, training programs, traineeships, post-doctoral fellowships, research projects, special scientific projects, publications, and regional medical library programs.

RESEARCH AND PUBLICATIONS GRANTS

Research Grants support the conduct of research and investigation in medical library science and related activities, and the development of new techniques, systems, and equipment for processing, storing, retrieving, and distributing information in the health sciences. Grants may be awarded for scholarly projects in the history of the life sciences.

Publications Grants assist in the preparation and/or publication of single or serial secondary publications which pertain to scientific works of importance for health research, education, and service.
